

Calvary Lutheran School

Student Dress Code 2019-2020

The appearance and dress of students should positively reflect respect for themselves, for others, for their Savior, and for their school. Student dress and grooming are a reflection of student attitudes towards school and learning. Student dress and appearance should promote a learning atmosphere that is free from distraction while reflecting the importance of the daily task of education. There is a relationship between the neatness of a person and the appearance of academic work. We believe that good grooming and attire enhance the pride students have in themselves and in their school as well as providing a positive witness to our community.
