Instructions:

Please label each item. Remove markers, crayons, glue sticks, and pencils from packaging and write your child's name or initials on each item using permanent marker. Tape and/or stickers with the name do not work because they eventually come off. Items get dropped and misplaced regularly and having the name securely written helps to find the owner. On the first day of school we will put the items where they need to be and having each one identified beforehand saves time.

It has worked well for parents to send 2 boxes of markers, crayons, colored pencils, pencils, erasers, paint, and glue sticks on the first day of school. The extra set of each can be stored in the classroom and provided to your student when needed. If this isn't possible, parents will be notified when additional supplies are needed.
