PLAYTIME

Power Hour Playtime offers a fun and loving environment for children to learn independence and cooperation skills. Younger siblings who are not registered students are welcome to stay and explore as well. We encourage caregivers to change diapers and potty their little ones before playtime begins. Staff will let parents know if a diaper needs to be changed during playtime. If your child is not fully toilet trained and independent in the restroom, please let us know. Children will be supervised in the restroom should an immediate need arise.
